Primary Examiner, Art Unit 2621

1. The examiner notes that the three references cited in this Office action all constitute intervening<sup>1</sup> “prior art”. Of this cited “prior art”, Figures 4A and 4B of US Patent #7,606,465 to Seo et al is cited as being the most pertinent to the subject matter set forth in the instant claims. Specifically, as shown and described with respect to Figure 4B [e.g., note lines 34-64 of column 6], Patent #7,606,465 discloses Entry Point Maps for each of a plurality of paths wherein the entry points for each path correspond to each other (i.e., have the same presentation time stamps).

2. The following is an examiner’s statement of reasons for allowance:

*Instant independent claim 6 (renumbered as allowed claim 1) differs from the prior art to Seo et al, cited above in paragraph 1 of this Office action, in at least the management information requires, in addition to the EP maps, additional “reproduction managing information” for indicating path change points set on the basis of the entry point included in the maps. This noted difference is not shown or fairly suggested by the prior art of record. Like recitations, or analogous recitations, are found in each of the independent claims.*

**Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”**

---

<sup>1</sup> i.e., Prior art” that was filed prior to the effective filing date of the instant application but subsequent to the claims foreign priority date(s). In this regard, the following is noted:

*The foreign priority papers cannot be relied upon to avoid consideration of such intervening prior art because a translation of said papers has not been made of record in accordance with 37 CFR 1.55. See MPEP § 201.15.*

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **DAVID E. HARVEY** whose telephone number is (571) 272-7345. The examiner can normally be reached on M-F from 6:00AM to 3PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Peter-Anthony Pappas, can be reached on (571) 272-7646. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
